CHILD AND ADOLESCENT OUTPATIENT PROGRAM

WELCOME TO THE CHILD AND ADOLESCENT PSYCHIATRY OUTPATIENT PROGRAM

Our clinic provides a variety of services for your child including evaluation, consultation and treatment. Your child's first appointment is called an "intake" and will take approximately 1-1/2 hours. You will meet with a faculty member and a psychiatric resident in training. This intake is an assessment to help clarify the concerns you may have about your child. If further treatment is needed, recommendations will be made and if we are unable to provide the care, a referral will be given.

Appointment Information:

For: _____

Date: _____ Time: _____

Provider: _____

Please arrive 15 minutes prior to your appointment to register and complete any paperwork.

If you need to cancel or reschedule, please call us at least 24 hours in advance.

Most insurance companies cover all or part of our fees. We recommend that you contact your insurance company prior to receiving services, and periodically throughout, to track the use of your child's mental health benefits.

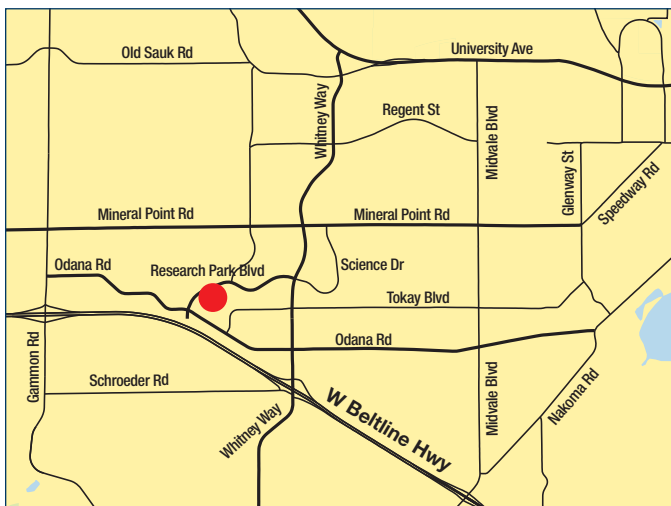

Evaluation fees range from \$235-\$784 depending on the length of the visit and provider seen. Professional fees for follow-up visits are determined by services provided and who is facilitating the visit.

If you are a Unity member, please call the UWMF Behavioral Consultation program at (608) 282-8960 to cancel or reschedule an evaluation visit.

Enclosed you will find a developmental questionnaire about your child's health, development and family life. Please complete entirely and bring to your child's first appointment. Please also bring any additional information that you think might be helpful such as report cards or school reports.
